

Thank you for choosing “My Procedures.” Unfortunately, there is no desktop version of OB Suite for Mac.

To install the OB Suite you will need to double click on the ProIndexDB, and either the color or black and white version of My Procedures.

Procedures B&W  
Palm Application  
99 KB

Procedures Color  
Palm Application  
101 KB

ProIndexDB  
Palm Database File  
2 KB

The next time you hotsync they will be installed to your pda.

You may also like to see my other programs, free software, medical pda information, Palm Os tutorials, and links at my website [www.FPpda.com](http://www.FPpda.com). You can get your free registration code there, as well.
